TIP Project No. U-3331

Nash County

The North Carolina Department of Transportation (NCDOT) will hold a Citizens Project Update Meeting for the above-mentioned highway project at the following time and location:

- **Tuesday, Nov. 27, 2012: 4 - 7p.m., Winstead Avenue Elementary School, 991 South Winstead Ave., Rocky Mount**

Interested individuals may attend this informal workshop any time during the above hours. NCDOT representatives will display maps and be available to answer questions and receive comments. Comments and information received will be taken into consideration as work on the project develops. Please note that there will not be a formal presentation.

NCDOT proposes to widen Country Club Road (S.R. 1616) from U.S. 64 Business (Buck Leonard Boulevard) to Jeffreys Road (S.R. 1541). The project proposes to upgrade Country Club Road from a two-lane roadway to a four-lane median divided roadway. Additional right of way and the relocation of homes and businesses will be required for this project.

The purpose of this project is to increase the traffic carrying capacity of Country Club Road and to improve safety due to the high number of rear-end and left turn accidents.
